

F.B.I., Sheriff Search for Bank Burglars

Burn Way Thru Steel But Wood Planks Halt Mokena Bank Thieves

Sheriff's deputies and F.B.I. agents are still sifting clues and evidence which they hope will eventually lead them to the burglars that made an attempt on the vault of the Mokena State Bank last Saturday or Sunday night, but did not reach the money. The burglars left empty handed.

Heavy planks, approximately three inches thick formed a final barrier, which they were unable to, or lacked time, to remove, that kept them from getting into the main vault.

Deputy Charles Timm, of the Will county sheriff's office, and several different agents—some of them specialists in certain lines—have been checking the scene of the crime for several days.

They were notified of the break-in Monday morning by Everett Cooper, the bank's cashier. The burglary was discovered by Miss Joyce Cummings, teller-secretary, when she opened the bank at 8 o'clock. She notified Mr. Cooper and he telephoned authorities immediately.

The burglars left an old Indiana-type blanket and a cloth bag. A 12-gauge shotgun shell was found in the bank. A cutting torch had been used by the burglars to get thru the steel sheath at the back of the vault. When they left the burglars took the torch and tanks with them.

There are no reports of any similar crimes in the past few weeks within a hundred mile radius of the area, according to the sheriff's office.

Apparently the crew had made a preliminary study of the premises. They entered thru the basement by cutting the bars on a window on the east side of the building and then bending them down. Heavy bolt cutters or some similar tool was believed to have been used on the window bars.

The thieves then came up the stairs and went to a storage vault that opens into a corridor. Entrance to this vault was simple and it was then that the crew began to work.

A two and a half foot brick wall separated the back of the storage vault from the rear of the main vault, where the money and valuable records are kept. A hole, approximately 14x18 inches was blown in this wall.

Then they set to work with the torch and cut thru the steel sheath surrounding the main vault. The torch broke thru some concrete and cut again, only to find entry to the vault barred by heavy planking.

It was not determined whether they did not have the tools to remove the planking and were afraid to use the torch because of the possibility of setting the building on fire and thereby cause an alarm bark, or whether it was nearing dawn and they feared early risers might jeopardize their get away. Anyway, they left, and without any of the bank's money.

In using the torch in the storage vault some paper had been ignited. They used a glass and a bucket to dash water on the blaze but apparently it was too big for that type of treatment and a garden hose they had brought upstairs apparently was put to that very contingency, was put in the storage vault were soaked but have dried out since.

The odor of charred paper together with an acid odor was still noticeable in the bank Monday afternoon.

It is possible, investigators said, that the fire in the storage vault made so much smoke that the burglars were unable to see what they were up against after they had encountered the planking on the interior of the main vault. The planking, incidentally was part of a system of shelving.

Churches to Observe World Day of Prayer

World Day of Prayer will be observed Feb. 17.

Combining for this service in this area which will be held in St. Peter's Evangelical and Reformed church at Frankfort will be the Evangelical and Methodist church of Frankfort, Mokena and Green Garden.

The service will begin at 1:30 and will be conducted by the members of the Women's Guild of the hostess church. A fellowship period in the church parlors will follow the service. The public is invited to join in this observance.

More Than 200 at Dedication of Skating Pond

Some 200 persons turned out Sunday afternoon for the formal dedication of the skating pond built by the Mokena Lions club in the Mokena Community park.

The program was opened with the presentation of the Colors by the Mokena Boy Scouts, who also led the Pledge of Allegiance. There was brief talks by Ray Westlund, president of the Lions club and Charles Swanberg, president of the park board. Mayor John Scarth was to have spoken, but a severe cold kept him confined to his home. Norval Robinson served as master of ceremonies.

"It is with much pleasure that we gather here today at this skating pond," Mr. Westlund said. "As president of the Mokena Lions club, I want to extend hearty greetings to all, and also, in behalf of myself and the Mokena Lions club, to extend our appreciation to the Mokena Community park board members for their consent to create this skating pond in the park."

"Therefore, I do now dedicate this ice skating pond for the pleasure and wholesome activities of our citizens and their friends, and hope that it will always be treated with respect by all using it, so that it will remain an enjoyable asset to our village and to our citizens, both now and in the future."

Mr. Robinson also introduced the Earl Seaborgs, of Chicago, a husband and wife team of fancy skaters who gave an exhibition that thrilled the spectators. The Seaborgs then served as instructors for the youngsters and others who wanted to try figure skating.

The only disturbing factor was the weather. It was too warm. The temperature was up around 40 while that was fine for the spectators it softened the ice to an extent that the Seaborgs were handicapped in their figure skating.

The Seaborgs suggested to the park board that it plant a heavy screen of shrubs and populars at the south end of the pond. Such a screen, they said, would give the ice protection against southerly winds that cause thawing. There are several outdoor ice rinks in Chicago where buildings or natural screens shut off the southerly breezes, Mr. Seaborg said, and in such spots the ice lasts much longer.

The Lions club constructed the Mokena rink last fall by having an area scooped out and the earth piled up around the perimeter. The excavation is only a few inches deep but it serves to hold a sufficient thickness of ice for good skating.

A waterline has been run to the pond which the Lions use in flooding the rink.

Steel drums have been provided for warm-fires and in the Lions hope to have the pond lighted.

Hundreds of youngsters and adults too have made use of the pond this winter.

Two Lincoln-Way Students Receive Recognition for Their Work

Two Lincoln-Way students are recipients of honors, Marilyn Cooper of Mokena and William Heidrich of New Lenox.

Miss Cooper has been chosen to receive the D.A.R. Good Citizen Award for Lincoln-Way high school. It was announced this week. Miss Cooper is the daughter of Mr. and Mrs. Harold Cooper. The choice was made by both students and faculty on the basis of four qualities: dependability, service, leadership, and patriotism. The award at Lincoln-Way is sponsored by the Des Plaines Valley Chapter of the D.A.R. and arrangements for the award were made by the chapter regent, Mrs. Robert Barber, of Joliet.

"The national society, Daughters of the American Revolution aims to cultivate an appreciation among young people of character building as a basis of good citizenship," said Mrs. Barber. "Character is a perfectly educated will and the hope of society is individual character, because 'true greatness of nations is in those qualities which constitute the greatness

Turn Out for Anniversary

More than 300 persons came to the VFW hall in Mokena Sunday evening to help Supervisor Fred Yunker and wife of Orland Park celebrate their 40th wedding anniversary. The hall was decorated in pastel colored paper streamers.

A mock wedding was the feature event on the program and provided much merriment. A pantomime was presented by Henry Clark Jr. and Billy Noble to the accompaniment of recorded music. Dancing followed the program.

The VFW auxiliary served luncheon in the dining room where the head table was decorated with bouquets of red roses and a four tiered anniversary cake.

As this celebration was a surprise to the honored couple, arranged by sons and daughters, they in turn surprised their children by entertaining them at the Lincolnwood drive-in at noon Sunday.

Guests at the anniversary celebration were present from all towns in this area including Blue Island and Chicago.

Intolerance, and racial and religious discrimination, are not the by-products of any particular kind of working condition, wage-classification, or economic group. They are germs which do their damage in every type of human being, and they are just as contagious and indiscriminate as chicken-pox, while having a mortality factor more resembling that of cancer and tuberculosis.

Mokena Board Would Employ Engineer to Plan Sewer System

The Mokena village board at its meeting Tuesday night took up the question of a sanitary sewer system for Mokena.

Board members agreed that the village should hire a consulting engineer to advise them on such a project and provide them with preliminary plans.

The steady growth of Mokena makes sanitation a vital problem, it was pointed out, and village officials agree that a solution be found.

In this, it was remarked, Mokena is in the same boat with scores of other communities in the Chicago area. A shift in population from urban to suburban finds villages now built up and where once septic tanks were able to serve in lieu of a sewer system they are no longer adequate.

In fact, state health authorities say, septic tanks have become a menace to health in crowded communities.

Mokena is without a sanitary sewer system. It also has another problem, what to do with the sewage after it has been collected? The state is cracking down on small communities, as well as large, that are without sewage disposal units and it was pointed out that such places as Mokena, Frankfort and New Lenox will have to do something about it.

New Lenox has been talking about the formation of a sanitary district but no action to further the plan has been taken. New Lenox lacks a sanitary sewer system too and is reported to be in urgent need of one. The Mokena board is now

looking for an engineer to aid it with its problem.

The board voted to hire an assistant for the village clerk because of the increase in his work. The board also plans to employ a full time maintenance man and when he begins functioning there will be additional work for the clerk. Alvin Sorenson is the village clerk. The board has hired his wife, Rita, to assist him.

Mokena vehicle tags will continue to carry a fee of \$3 until Feb. 29. Beginning March 1 the fee will be \$5 and police will be instructed to collect from the delinquents.

The village board now has an additional form of revenue from its half-cent sales tax. Mokena has received more than \$1,000 from this source for October and November of 1955.

Before the regular board meeting, the Mokena Boy Scouts took over as a feature of National Boy Scout week. They became real interested when, going over the claims, to read the one about disposing of strayed dogs. They held quite a discussion on that subject, suggesting that the dogs be sent to an animal haven rather than destroyed and also of having such a haven in Mokena.

The Scouts and offices took over were: Robert Munch, mayor; Daniel Williams, water committee; George Stanis, streets and allies; Todd Bennett, police; Mark Muehler; finance; Ronald Teague, claims and James Murdoch, building.

Frankfort Board Seeks Public's Views on Water Treatment

Icy Highway Causes Crash, Injury to 7

Seven persons were injured last Thursday morning in an off accident on U.S. 30, a quarter mile west of the Washington st.-Gougar rd. intersection.

A west bound car driven by Mrs. Guy Wilsterman, 39, of 1880 Oakview ave., New Lenox, was proceeding at a moderate pace, when the car struck a patch of ice, went off the north side of the pavement and then slid across, crashing into a tree on the south side of the highway.

Apparently no one was injured in that accident, but Mrs. Wilsterman, her 2-year-old son Bruce, another son, Robert, 16, and a passenger, Leroy Lerchen, 16, a neighbor, stood alongside their car off the south side of the road, another car, also proceeding at a moderate pace, apparently struck the same patch of ice, went off to the north side and then skidded across to the south side of the highway, striking Mrs. Wilsterman's car, and Mrs. Wilsterman, Bruce, Robert and Leroy Lerchen. The impact hurled the Lerchen boy over a fence into the yard of the Clare Davidson home. Leroy was treated for an injury to the right hip and Robert had a bump on the head. Bruce Wilsterman suffered a concussion but is reported as recovering.

The driver of the second car was Mrs. Harold Spiess, 55, of Mokena, who suffered a fracture of the left hand. Passengers in the Spiess car were Mrs. William Riemann, 51, wife of the pastor of St. John's Evangelical church, Mokena and Mrs. Adolph Steen, 50, and Mrs. Henry Shevlin, also of Mokena.

Mrs. Riemann and Mrs. Steen suffered broken collar bones and Mrs. Shevlin apparently escaped injury, as did two other youths in the Wilsterman car.

Mokena Woman Suffers Injury in 2-Car Collision

Mrs. Clarence Mast, of Mokena, suffered severe lacerations about the nose, that required 17 stitches, as a result of a two-car collision last Friday night at the intersection of Homer road and 151st st. in Homer township.

Mrs. Mast was a passenger in a car driven by her husband. According to the state police report, the other car was driven by William Fiene, 18, of 155th st., Orland Park.

Mrs. Mast was the only person injured, according to the accident report. She was treated at the Hedges clinic at Frankfort.

Health Group To Elect Board And Officers

The Will County Health Improvement association is to hold its annual meeting Friday, Feb. 17 8 p.m. in the farm bureau conference room in Joliet.

Directors and officers will be elected. The Rev. David Butler, pastor of the Federated church of Wilton Center, will be the guest speaker. He will show slides and talk of his recent work as a missionary in North Africa.

Refreshments will be served, all members are invited.

Dennis Griffin, 16, and James Beaupre, 15, both of New Lenox. The injured were taken to Silver Cross hospital in the Gerald Dames and the Gornick ambulances, except Mrs. Spiess and Mrs. Shevlin who were taken there by Mr. Spiess in his car.

Four were hospitalized, Mrs. Riemann, Mrs. Steen, Mrs. Wilsterman and Bruce Wilsterman. The others were treated and released.

Members of the village board of Frankfort would like to get some comment on the water treatment experiment that has been in progress several weeks.

Frankfort, as is the case with many communities in this area, has an excess of iron in its water supply. The result is that housewives complain of stains to clothing when laundered as well as to sinks and other plumbing appliances.

To remedy this the board elected to give a trial to a method of water treatment employed by the Warren Chemical Co., Inc., of Chicago Heights.

If the method is successful the board will install it permanently at both wells, it was said. It is not in use at No. 1 well and the cost of it set up there, it was said, is approximately \$300.

Marinus Lanenga, an engineer for the Warren firm, explains that the process does not remove iron and other solids such as lime, but does inhibit them. A certain type of phosphate is used for the purpose. It is non-toxic nor does it change the taste or give flavor to the water.

It is mixed into the water supply at the source by means of an injection pump, the action of which is synchronized with the action of the water pump and so is automatic.

Solids that are inhibited will not form a hard crust or scale and may be drained off as a fine sediment if flushed from low pockets, Mr. Lanenga said, and when the water flows they travel with the water. Where the treatment is used before a filter, he added, the water is crystal clear.

The treatment also softens the water, it was said. Frankfort's water had approximately 29 grains of hardness before the treatment. A sample of the water has been sent in to Springfield but the report has not come back yet, according to Mayor George Sangmeister.

"Some persons have told us that they believe there is a difference, for the better," the mayor said, "and some have said they fail to notice any difference. The members of the village board would like to hear from as many persons as possible on this subject to aid us in arriving at a decision."

Whether anyone has scrubbed away the rust stains from the interior of a flush tank on a toilet, for instance, and then watched to see if it remained clear, was not known the mayor said.

Lanenga said the rust stains can be removed unless they have worked down into the porcelain but even then, he claims, only a light stain remains and his contention is that new ones will not form.

The engineer says that water treated by the Warren method is much softer with a considerable saving to the housewife in soap or detergents. It is also more gentle on fabrics, he said, so washable items last longer.

The well at which the experiment is being carried out is the only one in use. The other well has been closed down since the process was begun.

Religious Education Group Will Meet at Frankfort Sunday

An institute of religious education of the Mokena area will be held in St. Peter's Evangelical church at Frankfort, Sunday, Feb. 12. Eighteen churches in the area will take part.

Dr. Koenig of Philadelphia will be in charge of the program, assisted by local leaders. There will be two sessions, one starting at 3 p.m. and the other at 7 p.m. The adult bible class of the church will serve lunch at 5:30.

The large attendance expected will be teachers and Sunday school workers and other interested in religious education.

"What, a-g-a-i-n?"

Let an ELECTRIC Dryer do the work on washdays—

Electric heat's the cleanest, fastest, dryest heat there is... and electric dryers cost less!

Why clutter up the kitchen with wet wash? The quick, easy way to dry clothes is with an electric dryer. Just load it, set the controls and you're done.

Nothing but pure, clean electrically heated air ever touches your clothes in an electric dryer. That's why everything comes out smelling sweet and fresh.

Electric dryers are great for hard-to-dry things like throw rugs, jeans and baby blankets. Yet even your most delicate fab-

rics are perfectly safe. (Controls are very accurate.)

Can't fade colors the way the sun will. And the complete cost of drying a load in an electric dryer is only 7¢.

You can own an electric dryer for less than \$2 a week. Installation is little in any home with good wiring.

Electric Dryers Cost Less—no outside vent needed. Automatic—no igniting devices necessary.

Engagements

Mr. and Mrs. R. E. Barker of Tinley Park announce the engagement of their daughter Beverly, to Andrew J. Hraha. The wedding will take place May 26 at the Morgan Park Baptist church in Mt. Greenwood, Ill.

I shall pass thru this world but once.
Any, good, therefore, that I can do
Or any kindness that I can show
To any human being
Let me do it now. Let me
Not defer it or neglect it for
I shall not pass this way again.
—A Quacker Prayer

Streets Aren't Garages
University of Illinois students are going to stop using city and campus streets as garages.

The board of trustees has decreed that effective April 4, the end of the Easter vacation, no student shall park a motor vehicle between 1 a.m. and 8 a.m., Monday thru Friday, on city streets in the area adjacent to the campus, or from 1 a.m. to 5 p.m. on University streets, drives, or regular parking lots except in cases of physical disability.

Under university regulations, operation of an automobile is prohibited to freshmen under

21 and undergraduate students on academic probation, unless a permit based on need has been issued.

From where I'm sitting tolerance is just a big word for peace. War can't get going where there's a sympathetic understanding of nation for nation, man for man, and creed for creed.

—Bing Crosby

All your strength is in your union
All your danger in discord;
Therefore be at peace henceforward
And as brothers live together.

Parent-Teacher Group News

Dr. Conrad Hoyer, executive secretary of the American Lutheran Congress and chairman of the scholarship committee of the Bremen township high school gave a talk on scholarship at the meeting of the Tinley Park PTA, on Friday evening, Feb. 3. Dr. Hoyer told of the various types of scholarships i. e. job assistance, and training, while working that is where a student works for six months, then attends school for six months. There are many scholarships offered by industry, government, alumni and the colleges also offer scholarships. These are based on scholastic rating, meritorious achievement, character etc. There are also special interest scholarships, namely athletic, scientific and teaching. It is a sad fact that many scholarships go begging each year, chiefly because students are not even aware they are available, he said. Dr. Hoyer suggested that interested students talk with their counselors and get further information.

Mrs. Walter Fierke presented the plaque honoring past presidents of the Tinley Park PTA and spoke of the achievements and goal of the organization now in its 59th year.

The nominating committee presented the slate to the assembly for voting at the next meeting. Nominations for officers may also be made from the floor.

Walter Fierke, superintendent of schools, spoke of the many facilities available on Channel 11 and of their need of funds to operate in the coming year. On March 11 a group of workers will solicit funds for this cause. Those in charge hope for a generous response.

Mrs. Shantz, assisted by Mrs. Bauman conducted the room count and found that Mrs. Lemke's room was the winner of the pennant for this month. There was a sale of baked goods by the mothers of fifth grade students. Refreshments were served by mothers of fourth grade pupils.

PUBLIC NOTICE

Notice of Proposed Changes in Schedules
Commonwealth Edison Company (Public Service Company Division) hereby gives notice to the public that it has filed with the Illinois Commerce Commission on February 1, 1956, certain rate schedule changes proposed to become effective with meter readings taken on and after March 3, 1956.

The purpose of these changes is to simplify the rate schedules applicable in Public Service Company territory. The Company proposes to transfer Rate 1—Residential Electric Service, Rate 5—General Electric Service and Rate 24—Municipal Pumping and Street Lighting Service from Schedule E-2 to Schedule E-3 and cancel Schedule E-2. Schedule E-3 applies to all of Public Service territory, while Schedule E-2 applies to such territory except for the area formerly served by Illinois Northern Utilities Company. It is also proposed to cancel Rates 1, 5, 24, 55 and 56 in the Illinois Northern schedule of the Company. Rates 1 and 5 are identical, and Rate 24 is similar to corresponding rates in Schedule E-2. Rates 55 and 56 are obsolete rates applicable in Freeport, Illinois, being no customers on Rate 55, and only six on Rate 56. Certain riders are proposed to be transferred, cancelled, or revised as to applicability to correspond to these changes in the schedules.

Further information with respect to these changes may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission in Springfield, Illinois.

A copy of the proposed changes, together with the schedules to which they apply, may be inspected by any interested party in any public office of this Division.

Write: Factory Branch Service Manager, 8914 S. Cottage Grove, Chicago 19, Ill.

TAKE NOTICE, that on October 13, 1953, Edward H. Bick at a sale made in pursuance of a decree entered by the County Court of Will County, Illinois, in the cause entitled, "People of the State of Illinois vs. James Hayes, et al", and numbered 8394, purchased the following described real estate:

Lot 119 in Sunnyland, a Subdivision of Section 25, Township 36 North, and in Range 9 East of the Third Principal Meridian.

That there was included in the decree for which said real estate was sold general taxes for the years 1935 to 1952, both inclusive.

That the time of redemption from said sale will expire June 15, 1956.

FURTHER TAKE NOTICE, that the purchaser has this 17th day of January, 1956, filed a petition in the County Court of Will County, Illinois, in the case number 8394, praying that said County Court order and direct the County Clerk of Will County, Illinois, to issue a tax deed conveying the above-described real estate to the purchaser if said real estate is not redeemed from said sale within the time allowed by law.

You and each of you are hereby further notified that if no redemption is made from said sale within the time allowed by law, the purchaser will, on the 22nd day of June, 1956, at 10:00 A. M., or as soon thereafter as said petition can be heard, appear before his Honor John C. Cowing, Judge of the County Court of Will County, Illinois, or before such other Judge as shall be sitting in his stead in the County Court Room of the Court House in Joliet, Illinois, and apply for an order on said petition directing that a tax deed conveying said real estate be made to the purchaser, at which time and place you may appear if you so desire.

Dated this 17th day of January, A. D. 1956.

2 Mat Squads Meet Defeat at Hands of Braves

In wrestling competition over the week-end, the Bremen high Braves routed the Thornton Fractional and Downers Grove mat squads.

Following a 27-14 victory at Thornton Fractional Feb. 3, the Braves chalked up their tenth win in 15 starts by shellacking Downers Grove, 34-6, on the Bremen mats Saturday, Feb. 4.

Against Thornton Fractional Bremen copped six of twelve bouts and gained a split in one other.

Falls were scored by Joe O'Brien, 175 lbs., and Joe Ciserella, 112 pounder. Teammates Oda Drake, Jack Ruiter, Norm Scharlau, and Bob Fiddler decided their foes in other tussles while Jim Gruhn had to be content with a draw.

Bremen scored its most impressive win of the campaign as the Braves dropped but two of twelve bouts to Downers Grove.

Joe Ciserella and Jim Gruhn lightweights made quick work of their opponents by scoring early pins.

Gaining his fourteenth win in

15 starts was Jack Ruiter, 120 pounder, who shut out his foe 11-0. Teammate Mack Jerkatis bested his adversary 11-1 for his twelfth victory in 14 contests.

Others scoring decisions were: Oda Drake, Norm Scharlau, Jerry Lewis, George Avellano, Bob Fiddler, and Joe O'Brien.

L-W Wrestlers Lose to Reavis and Lockport

The Lockport wrestling squad, led by brothers Stu and Sherm Reiter, racked up a 28-18 decision over Lincoln-Way's Knights Tuesday. Lincoln-Way got off to a flying start by winning the first two matches. Ken Zitter coasted to an easy 7-1 decision over Gary Householder. He was followed by his brother, Woody, who pinned Hedden in the third period. Eddie Zitter hurt Lincoln-Way's chances by forfeiting to Allen Booker in the 112-pound class. He was just one pound overweight.

Then Bill Noble was pinned, making the score 10-8 in favor of the Porters.

Virgil Hammond and Piazza wrestled to a draw, neither man being able to score.

Lincoln-Way dropped the next two matches and then Titus Moede whipped Jensen, 5-1. Lockport then clinched the victory by winning three matches in succession. In the heavy-weight division, Sparky Hauck, of Lincoln-Way took Weiler down and pinned him in just 31 seconds.

Against Reavis of Oak Lawn, one of the most powerful teams in the state, the Knights lost 48-0. Johnny Weber gave Wolfe a good scare. Wolfe has not lost yet this year and has won twenty-three. Weber gained control in the second period and tied it up at 6-6. However, in the third period Wolfe gained more than enough points to win, 15-7. In the only exhibition match, Delbert Yunker wrestled for the first time. He was pinned by Reavis' heavyweight, Cheak.

Grapplers to Vie for Conference Titles

Reavis Gym Will be Scene of Annual Meet; Sectionals Next Week

The Southwest Suburban high school conference wrestling championships will be decided this week-end in Reavis gym.

Reavis high school is in St. Ignace township, at 77th and Moody ave., out of Oak Lawn.

Winners in the conference meet will wrestle the following week-end at Bremen high in the sectional matches. The sectional winners will go to Champaign-Urbana to compete for the state titles.

There are seven teams in the Southwest Suburban loop, Bremen, Evergreen Park, Lincoln-Way, Oak Lawn, Reavis, Rich and Carl Sandburg.

Each of the schools is expected to enter men in each of the 12 weights divisions.

Thus there can be team championships as well as individual championships.

The conference title matches will begin tomorrow night at 7 o'clock. The semi-finals are scheduled to get underway at 2 o'clock Saturday afternoon and the finals at 7 o'clock Saturday night.

One More Victory Will Clinch League Title for Mokena Ponies

The Mokena Lightweight Meteors moved a step closer to the Des Plaines Valley Conference championship by downing Frankfort 40 to 21. The victory, which was the second that Mokena ponies has scored over their arch-rivals was doubly sweet because it was accomplished on the Frankfort floor and it kept Mokena's winning streak intact. This was the eighth straight conference win for the Meteors without a loss. Only two conference games remain on the schedule and a victory in either one will assure Mokena their first championship since 1941.

The Meteors ball handling was at its best and as a result their four instead of the usual two. Mokena increased an 8 to 1 lead at the end of the first quarter to 20 to 7 at the half. The third period saw the Meteors flash to 14 points within three minutes and then give way to the reserves.

Evidence of the fine balanced attack employed by Mokena is seen in the scoring which was led by Ford with 14 points. Kruzich f followed with 12 and Schuldt with 10.

The heavy-weight game was typical of the hard fought struggle that occurs whenever Frankfort and Mokena play one another. Mokena won 31 to 26, but not before a fighting Frankfort team gave it some worried moments. Mokena took a first period lead of 6 to 0 but Frankfort tied the score at the half 11 to 11. The first few minutes of the second half turned the tied in Mokena's favor as Liston drove for four baskets and what appeared to be a safe Mokena lead. But Frankfort was not ready to quit and roared back to close the gap to 24 to 20 at the final quarter began.

Frankfort seemed to catch fire and appeared to outplay Mokena as they edged closer and closer. A basket by Robinson put Frankfort ahead for the first time 26 to 25, with about three minutes remaining in the game. When it appeared that Mokena was headed for defeat, Liston was fouled and calmly sank both free throws to regain the lead 27 to 26. Seaverson followed with two clinching baskets for Mokena as Frankfort tried desperately but could not score again.

Liston was high man for the winners with 12 points while Robinson of Frankfort led the losing battle with 15 points.

Mokena travels to Elwood tomorrow night. First game 7:30 o'clock.

Vie for Conference Titles

Hey! Get That Ball!

This was one of the frequent mad scrambles that took place in the Rich-Lincoln-Way basketball game played in the Rockets' gym last Friday night. Just who came out in possession of the ball here is not remembered but it is a safe bet to say that it probably was Rich. The reason back of such a guess is that Rich, wearing the white suits, appeared to have the ball most of the evening. The final score was 83 to 35 in favor of Rich. Lincoln-Way need not feel too bad—at least it should have the comfort of knowing it has plenty of company. So far this season, Rich has not been defeated in the Southwest Suburban conference. Rich, Sandburg Quints too Much for Knights

By Denny Wheeler

The valiant Knights of Lincoln-Way ran up against the one and two teams in the conference and were cruelly trounced by both last week-end. On Friday evening they traveled to Rich at Park Forest and lost 83-35. It was the worst clubbing our warriors have received yet this season. However, the evening was not all filled with gloom, because for a few moments in the second quarter, the Rockets of Rich had a real game on their hands.

The Rockets jumped out to a 15-8 lead at the end of the first quarter. Then in the second period the Rockets led the Knights by five points in the first quarter. The Rockets who led 21-16. But the Rich High giants then took over and held L-W scoreless to the half when they led 36-16.

The Rockets really poured it on in the last half and led at the end of the third quarter 58-26. Although the Knights met defeat in their previous engagement with these sturdy quintets, neither was by an overwhelming margin.

Saturday night was equally discouraging when Carl Sandburg extinguished them 77-38.

Lions-Faculty Tilt Nets \$900 for Lincoln-Way

Final returns from the ticket sale for the Lions-Lincoln-Way faculty basketball game show that \$900 was raised for the L-W Athletic fund. The primary object of the game was to raise the money to equip the Lincoln-Way football squad with parkas next fall.

The game probably also serve to make some of the participants realize they are not as young as they used to be but they enjoyed themselves and so did the spectators, so everything was O.K.

The Lions team, made up of members of the New Lenox and Frankfort clubs, claimed the victory a neutral who took the trouble to keep running score on the game, the Lincoln-Way teachers won 48 to 20.

It is true that the game was played almost two weeks ago but the fact that someone did keep a score and actually the teachers won is fresh stuff indeed, and thus qualifies as news.

Grade school teams from Mokena, Frankfort, New Lenox and Manhattan played an exhibition quarters as a curtain raiser.

The spectators were impressed by the skill and evidence of coaching and training displayed by these youngsters, many of whom eventually should win letters at Lincoln-Way.

WASHINGTON SNAPSHOTS

You remember the story of the taxpayer who wandered in to one of the offices of the Internal service and explained that the purpose of his visit was "just to meet the people

I work for." His quip, of course, referred to the money he paid the government for taxes. But it is often forgotten that many people work a substantial amount of time for the government in other ways.

Consider the cost in money and time of preparing the vast volume of reports and other types of paperwork required by Uncle Sam.

Believe it or not, more than 4,000,000 small businessmen have to spend 5 to 29 per cent of their time on paperwork for the government.

Of course, some of the reports are essential. But even these might be simplified to reduce the burden on businessmen. Then there are others that are pure waste and should be eliminated entirely.

The problem is to determine what reports should be eliminated and what to simplify. This is being tackled by the bureau of the budget as the result of suggestions by the Hoover commission on organization of the executive branch of the government.

Blue Island Man Will Head Cancer Crusade

Highlights of the Jan. 31 afternoon meeting of the executive committee of the American Cancer Society's South Suburban chapter was the announcement and introduction of their new campaign chairman. The year-round chapter chairman, Donald Klyczek, 1040 Campbell ave., Chicago Heights, announced that Michael Guglielmucci, 1850 Vermont st., Blue Island, will spearhead the April Cancer Crusade in the 41 communities comprising the chapter. The chapter is composed of all the suburban

communities in southern Cook County.

In his new post, Guglielmucci will organize an army of crusade volunteers who will conduct a house-to-house canvass to seek funds for the society's research, education, and service programs.

Guglielmucci's first official action after accepting his job was the announcement of the goal for the South Suburban chapter as \$18,800, part of an overall statewide goal of \$1,450,000.

Guglielmucci pointed out that "cancer is one of the most critical health problems of our times. Some 250,000 Americans, many of them in our own state will die of cancer in 1956 if present rates continue. Moreover, at present rates, one American in every four now living will some day be stricken by that disease."

"But in the last decade," Guglielmucci noted, "there has been marked progress in the diagnosis and treatment of cancer. Although one cancer in four is now being cured, two out of four patients could be saved with prompt and proper treatment."

"The American Cancer society plays the leading role in the national fight against cancer. Thru its programs of public and professional education, the society spreads the lifesaving message of early discovery and prompt treatment and keeps the nation's doctors advised on

techniques in detection, radiation and surgery.

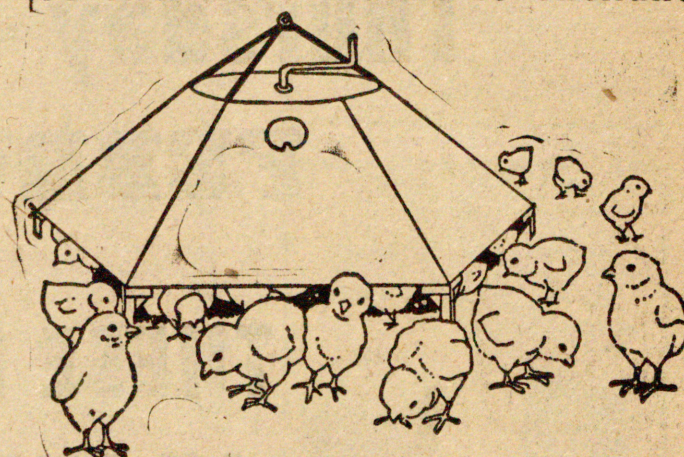

"The South Suburban chapter will join other communities all over the state in the fund raising campaign. The help of every resident is needed, so that the Society may widen and intensify the battle against cancer until such time as the menace of man's cruellest enemy shall be lifted forever."

Guglielmucci, real estate and insurance broker and Calumet township supervisor, is active in civic affairs. He is president of the Blue Island Realtor club; vice president of Cook County Supervisors association; member and past lieutenant governor of the Kiwanis club; trustee and past grand knight of the Knights of Columbus; member and past president of the Blue Island Peerless club.

ALPINE

Mrs. E. Mrosek
Feldbrook 9-2841

\$104.16 was the total amount of donations to the Polio fund collected by the 10 Alpine mothers who participated in the March of Dimes in Orland township along 159th st. and the district south from west of Wolf road east towards Tinley Park, Jan. 31. Because this is a strictly rural area, they started early and stopped late, but, regardless of the hour, they found welcome and cheerful giving everywhere. Later, those who could, stopped at the home of Mrs. Mabel Ekberg in Orland Park who was chairman for the drive in Orland township, where they were served refreshments and enjoyed meeting mothers who had taken part in the drive in other sections of the township. Alpine mothers who participated were Mrs. Raymond Krieger, Mrs. Norman Strassenburg, Mrs. Owen Maue, Mrs. Harwood Stellwagen, Mrs. John Lohmann, Mrs. John Cruise, Mrs. Aaron Simrell, Mrs. Henry Felsch, Mrs. Albert Reeves and Mrs. Edward Mrosek.

Roy Walker and John Cruise, who have charge of the February Scout Fund drive in the Alpine district, expect to be out making collections Friday evening. Money thus raised in this and other communities will be turned over to the Pokagon Trails council, Boy Scouts of America, who will spend much of it on extension service and field service to Cub Scout packs. Boy Scout troops, Explorer posts and on the training of new leaders.

Cub Scouts, den 5 of pack 218, held two meetings this past week in the John Cruise home instead of one because their next week's meeting was cancelled. Wednesday afternoon they completed their Valentine project. Thursday afternoon they made place cards for members of their families who will attend the Blue and Gold banquet scheduled for Feb. 12, from 4:30 to 7:30 p.m. They also practiced the flag ceremony which they will conduct at that meeting. Later, all joined in celebrating the birthdays of Gary and Susan Cruise.

Mr. and Mrs. John Cruise entertained at a birthday party Saturday honoring their son, Gary, and his 6th birthday. Sunday, and their daughter Susan and her third birthday Thursday. A whipped cream cake, topped with a merry looking whipped cream clown attracted much interest at the party table. Games were enjoyed with prizes for all. Gary and Susan received many nice gifts.

Better Business Bureau Warns Against "Display House" Racket

Don't fall for the "display house" racket by a fast talking salesman who wants to use your residence as a "demonstration home" for his company's remodeling work, says the Better Business Bureau. This warning is issued because inquiries and complaints from the public indicate such selling techniques are again being used by some of the less reputable organizations in the Chicago area.

This "demonstration home" approach is followed by high pressure boys who attempt to make the home owner believe he is getting a special price if he helps sell other prospective purchasers. It has been used by salesmen selling various types of remodeling work, such as aluminum or sudeo brick siding, awnings, mastic paint jobs, etc.

The build-up on this fast buck operation may vary. Sometimes the home owner will receive an impressive letter from the company about some new product or prospectus to demonstrate. The letter says the sales manager will call that evening for written consent to use the owner's home as a "display house."

In other instances the approach may be a telephone call or a salesman may come to the owner's home. In any event, the usual pitch is that the company can reduce the heating bill by one-third in the winter, keep out heat in the summer or guarantee you will never have to paint your house again.

Of course you get a special

price. Ordinarily, for example, the cost would be \$3,600, but because your house was "selected" as a demonstration job, the price is reduced to \$2,100, provided, of course, you will permit photographs to be made, a sign placed in the yard and also tell prospects who examine the completed job, how satisfied you are.

If you still aren't convinced, the salesman, in typical pitchman fashion, "offers more for your money." "Chances are," he says, "your job won't cost you a cent - our company will pay you a bonus of \$75 for every customer you help us sell and since we expect to sell 25 or 30 homes in this part of town - well, add it up for yourself."

The salesman will even write this bonus promise in the contract. But don't be a sucker, says Better Business Bureau. The same phony price and bonus deal is made to every prospect. Actually, the \$2,100 figure is the full price and allows the applicator ample profit and the salesman a good commission.

As for the bonuses, the Bureau's files hold scores of complaints from home owners who bit on this deal, but who say they received no bonuses. The Better Business Bureau condemns this method of selling as deceptive and misleading. Its records show that firms following such sales procedure have an unsavory reputation, and that the files of companies following such practices contain many complaints.

tem will tell you that altho a lot of unkind things have been said about the spoils system most patrons today falls into the unspecialized classifications. They felt that they can always replace the holder of an unskilled job with a perfectly capable worker from their own party is in power. They claim this results in better state work since these people will serve the people better in order to reflect credit upon their own party.

Another telling point that will be advanced by opponents of the new personnel department is that legislators always have and should hesitate before giving a department the power to regulate salaries. Altho department personnel are responsible to their directors and to the governor, they don't have that added bit of "World's Laborer." Mrs. Chester Steinberg served refreshments.

Mr. and Mrs. Robert Klier of Monee, Mr. and Mrs. Leslie Koe nig, and Mr. and Mrs. Henry Kuse all of Green Garden and Mr. and Mrs. Robert Simpson and Mr. and Mrs. Norbert Brockman of Frankfort attended the Pee Wee King television show in Chicago Saturday night. After the show all enjoyed dinner in Chicago.

Mr. and Mrs. Henry Kuse will entertain their card club Saturday evening, Feb. 11 in their home.

Henry Anderson and Clarence Riley, who have adjoining lots and both planning to build in the spring; have discovered they went to high school together.

Vehicle stickers were distributed to residents of Laguna Woods Saturday. These were issued through the courtesy of Frank C. Guetter.

We are happy to have two new families in our midst. Mr. and Mrs. George Brown and children. Their son Rhett, attends school at Orland Park and their daughter Cherrie is of preschool age. Mrs. Brown is a former native of Sidney, Australia.

Mr. and Mrs. Chris Manos, son and their nephew moved into the community last Tuesday. They have the hilltop home and on a clear day can see the Chicago "loop" from their living room picture window. Mr. Manos is the owner of Chris' Beauty Salon in Blue Island. His nephew and another son assist him in the shop. Mr. Manos' son, anxious to see our back road, went sight seeing, his car careened off the road, across a ditch and into a field. The young man was not injured.

Last Wednesday evening, Mr. and Mrs. Bendix accompanied by their son Jim and Mrs. J. Nelson were on their way to the PTA meeting in Orland when a freak accident occurred. The car in which they were riding was traveling upgrade on the Southwest highway when suddenly the right wheels left the pavement. The driver managed to regain the pavement only to have the car complete a circle in the middle of the road and slide backwards down an embankment. The only thing that kept the car from crashing onto the road below were some well placed bushes along the Southwest highway. "It just wasn't our time to go," remarked Mrs. Bendix.

Mrs. Frank Millett has been ill with pneumonia the past three weeks. We are glad to report she is now recuperating.

The social committee are having a "Coffee" at the home of Mrs. Bendix Thursday, Feb. 16 at 1 p. m. Please try and be there as we have several things of interest to discuss.

Mrs. John Tabbert would like to have the next "coffee" at her home on Redondo lane during the month of March.
